BYK-Chemie is the “Best Additive Supplier in Brazil”

BYK-Chemie in Brazil, the leading supplier of additives on the Brazilian market, has once again won the award of “Best Additive Supplier in Brazil”.

The jury of the trade journal “Paint & Pintura” gave the award to BYK-Chemie for the eighth time in succession and presented this to Aurélio N. Rocha of BYK-Chemie at a special ceremony attended by more than 1,200 people from the coatings industry.

BYK-Chemie won the award ahead of the second-placed, which had half as many votes. “This award means a lot to us. It bears out our years of successful work and the quality of our products,” said Aurélio N. Rocha, Area Sales Manager of BYK-Chemie.

About BYK-Chemie:

BYK-Chemie is one of the World's Leading Suppliers of Additives used in the Coatings, Inks, and Plastics Industry.

Approximately 85 % of our sales are generated by exports. Our major export markets are Europe, the United States and the Far East.

Chemical additives are used by processing industries in the production of coatings, inks, and plastics. In very small quantities, BYK additives simplify manufacturing processes, and significantly improve the quality of finished goods, such as motor vehicles and furniture. BYK-Chemie is a member of ALTANA Chemie AG, Wesel. ALTANA Chemie is developing and producing high quality, innovative products in the sector of specialty chemicals.

BYK-Chemie has been producing additives since 1962 in Wesel. Today it employs over 881 people worldwide, 25 % of whom work in research and development departments or technical laboratories.
